**PETITION FOR MODIFICATION OF EXISTING ELIGIBLE
TELECOMMUNICATIONS CARRIER DESIGNATION**

Time Warner Cable Information Services (New York), LLC (“TWCIS(NY)”) respectfully submits this Petition for Modification of its existing eligible telecommunications carrier (“ETC”) designation. By this petition, TWCIS(NY) seeks modification of its designated service area, and requests that it be designated as a Lifeline-only ETC. TWCIS(NY) submits this petition pursuant to Section 214(e)(2) of the federal Communications Act of 1934, as amended (the “Act”),¹ Section 54.101 *et seq.* of the rules of the Federal Communications Commission (“FCC”),² and the requirements of the New York State Public Service Commission (“Commission”).³ TWCIS(NY) respectfully requests that the Commission grant this Petition expeditiously, so that low-income customers in New York can benefit from the high-quality services TWCIS(NY) provides without any unnecessary delay.

¹ 47 U.S.C. § 214(e)(2).

² 47 C.F.R. § 54.101 *et seq.* In February 2012, the FCC amended its rules applicable to the Lifeline program. This Petition is consistent with the rule changes that recently took effect. *See Lifeline and Link Up Reform and Modernization*, Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11 (rel. Feb. 6, 2012) (“*Lifeline Reform Order*”).

³ State of New York Public Service Commission, *Notice to Common Carriers Seeking Eligible Telecommunications Carrier Status*, Case No. 940-C-00095 (Nov. 3, 1997) (noting requirements for ETC designation). *See also Order Designating Competitive Local Exchange Carriers as Eligible Telecommunications Carriers, Service Areas, and Granting Waivers*, Case No. 940-C-00095 (Dec. 24, 1997) (“*Initial CLEC ETC Designation Order*”).

I. BACKGROUND

Time Warner Cable. TWCIS(NY) is a wholly owned subsidiary of Time Warner Cable Inc. (“TWC”). TWC is a leading facilities-based provider of competitive voice services. It is the second-largest cable operator in the United States, with operations in 29 states and more than 15 million residential and commercial customers (including nearly 5 million residential voice subscribers). In addition to its digital cable and broadband services, TWC offers interconnected voice-over Internet Protocol (“VoIP”) services throughout this footprint. Indeed, TWC was the first multi-system cable operator—and one of the first service providers—to introduce a mass-market, facilities-based VoIP service, now known as Home Phone, bringing a reliable, feature-rich, competitive voice alternative to millions of residential consumers. TWC currently provides interconnected VoIP services to more than one million customers in New York.

TWCIS(NY). The company’s principal offices are located at 60 Columbus Circle, New York, NY 10023. TWCIS(NY) is a Delaware limited liability company⁴ authorized to provide telecommunications services in New York, and throughout the requested ETC area, pursuant to Certificates of Public Convenience and Necessity (“CPCNs”) issued by this Commission on December 31, 1993 in Case 93-C-0569 and on August 25, 1994 in Case 93-C-0899.⁵

⁴ A copy of TWCIS-NY's authorization to transact business in New York is attached as Exhibit A.

⁵ The Commission authorized TWCIS(NY)’s predecessor entities, Time Warner AxS of Rochester, L.P. and Time Warner AxS of New York City, L.P., to provide telecommunications services. *See Joint Petition of Time Warner Communications Holdings, Inc. et al. for Transfers and Rescissions of Certain Certificates of Public Convenience and Necessity and Approval for Corporate Restructuring, Including the Issuance or Transfer of Stock and the Issuance of Debt*, Case No. 98-C-0593 (May 12, 1998) (“*Authorization Transfer Order*”). The Commission later granted its approval of a corporate restructuring plan and the transfer of CPCNs from Time Warner AxS of

TWCIS(NY) holds a dormant ETC designation originally granted to its predecessor entities, Time Warner AxS of Rochester, L.P. and Time Warner AxS of New York City, L.P.⁶ In 1998, the Commission approved the transfer of Time Warner AxS of Rochester, L.P.'s and Time Warner AxS of New York City, L.P.'s ETC Designations to Time Warner ResCom of New York, LLC.⁷ TWCIS(NY) is not designated as an ETC in any other jurisdiction.

When TWC first began providing voice service in New York using its interconnected VoIP capabilities, it obtained interconnection and traffic-exchange for its retail voice service through commercial arrangements with third-party carriers. TWC recently transitioned to a more efficient and cost-effective business model under which it relies on TWCIS(NY) to interconnect and exchange traffic with incumbent local exchange carriers. In addition to carrying out wholesale carrier functions relating to interconnection with the public switched telephone network, TWCIS(NY) will provide retail interconnected VoIP service as a telecommunications service pursuant to its CPCNs.⁸ TWCIS(NY) also provides retail and

Rochester, L.P. and Time Warner AxS of New York City, L.P. to Time Warner ResCom of New York, LLC. *Id.* Petitioner's name change from Time Warner ResCom of New York, LLC to Time Warner Cable Information Services (New York), LLC became effective on October, 6, 2011. *See* Letter from David W. Cramer, Utility Analyst II (Telecom), State of New York Public Service Commission, to Carey Roesel, Consultant to Time Warner Cable Information Services (New York), LLC, Matter No. 11-02116 (eff. Oct. 11, 2011) ("*Name Change Approval Letter*").

⁶ *See Initial CLEC ETC Designation Order* at 7-8.

⁷ *See Authorization Transfer Order. See also Order Granting Petition of BTI Communications, Inc. for Designation as an Eligible Telecommunications Carrier*, Case No. 10-C-0355, App. A (Sept. 17, 2010) (noting that the "ETC Designations of Time Warner AxS of Rochester and Time Warner AxS of New York City, L.P. [were] transferred to Time Warner ResCom of New York LLC by Order issued May 12, 1998").

⁸ Previously, in connection with its voice services, TWCIS(NY) served as a wholesale telecommunications carrier, and its affiliate TWC Digital Phone LLC served as the retail, non-carrier VoIP provider. TWC Digital Phone LLC plans to transfer its retail customers to TWCIS(NY) on January 1, 2013.

wholesale intrastate telecommunications, in the form of high capacity transport offerings, to small and large enterprise customers in New York.

Designation of Eligible Telecommunications Carriers. TWCIS(NY) holds its ETC designation pursuant to this Commission's authority under Section 214(e) of the Act.⁹ More specifically, Section 214(e)(2) provides that, upon request and consistent with the public interest, convenience, and necessity, the Commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an ETC, provided the requesting carrier: (i) offers services that are supported by federal universal service support mechanisms; and (ii) advertises the availability of such services.¹⁰ The FCC's rules impose additional requirements regarding ETC designation. As

⁹ 47 U.S.C. § 214(e).

¹⁰ 47 U.S.C. § 214(e)(2). *See also* 47 C.F.R. § 54.201(d).

demonstrated below, TWCIS(NY) satisfies each of these requirements.

Scope of TWCIS(NY) Designation Modification Request. TWCIS(NY) seeks modification of its existing ETC designation in order to receive Lifeline support (but not “High-Cost” support) from the federal universal service fund (“USF”) for the benefit of low-income customers, and to include much of its current network footprint in its designated service area. At this time, due to billing system constraints, TWCIS(NY) is able to participate in the Lifeline program in only a portion of its New York service territory. A list of the franchise areas for which TWCIS(NY) seeks designation is attached as Exhibit B. For the reasons set forth below, modifying TWCIS(NY)’s ETC designation to include the requested service area would serve the public interest, convenience and necessity.

TWCIS(NY) is aware that its proposed Lifeline service area in New York includes portions of the rural study areas of the following rural local exchange carriers: Armstrong Telephone Company, Berkshire Telephone Company, Cassadaga Telephone Corporation, Champlain Telephone Company, Chautauqua-Erie Telephone Company, Chazy & Westport Telephone Company, Crown Point Telephone Corporation, Delhi Telephone Company, Deposit Telephone Company Inc., Dunkirk & Fredonia Telephone Company, Edwards Telephone Company Inc., Empire Telephone Corporation, Middleburgh Telephone Company, Newport Telephone Company Inc., Nicholville Telephone Company, Oneida County Rural Telephone Company, Oriskany Fall Telephone Company, Pattersonville Telephone Company, Port Byron Telephone Company, Taconic Telephone Corporation, Township Telephone Company, Inc., Trumansburg Telephone Company, Vernon Telephone Company Inc., and certain subsidiaries of Frontier Communications and Windstream Communications. At this time, TWCIS(NY) is not requesting any modification of those study area boundaries pursuant to

Section 214(e)(5) of the Act.¹¹ Because TWCIS(NY) seeks modification of its designation to be a “Lifeline-only” ETC, and will not seek High-Cost or other support from the USF, the “cream-skimming” concerns underlying Section 214(e)(5) are not implicated.¹² The FCC already has concluded as much with respect to similarly situated service providers,¹³ and TWCIS(NY) is filing, concurrently with the instant petition, a petition with the FCC seeking a comparable forbearance ruling in connection with its Lifeline-only ETC applications.

II. TWCIS(NY) SATISFIES THE STATUTORY AND REGULATORY REQUIREMENTS FOR ETC DESIGNATION IN NEW YORK

TWCIS(NY) satisfies each of the statutory and regulatory requirements set forth in the Act and the FCC’s rules:¹⁴

A. TWCIS(NY) Offers Voice Telephony Services Supported by the Federal Low-Income Universal Service Program [47 U.S.C. §214(e)(1)(A), 47 C.F.R. § 54.201(d)(1)]

TWCIS(NY) is a common carrier that will provide services supported by federal universal service support mechanisms under 47 U.S.C. § 254(c) and as specified in 47 C.F.R. § 54.101(a), and will offer these supported services throughout the areas for which its ETC designation is modified. TWCIS(NY) provides these supported services using its own facilities

¹¹ 47 U.S.C. § 214(e)(5).

¹² *See, e.g., Virgin Mobile USA, L.P.*, Order, 24 FCC Rcd 3381, at ¶ 39 n.101 (2009) (“we need not perform a cream-skimming analysis because Virgin Mobile is seeking eligibility for Lifeline support only”).

¹³ *See NTCH, Inc. and Cricket Communications, Inc. Petitions for Forbearance*, Order, 26 FCC Rcd 13723, at ¶ 2 (2011) (holding that forbearance from the requirement to serve the entirety of a rural telephone company’s study area or to obtain formal approval to serve a modified service area “furthers the Act’s and Commission’s goals of promoting access to affordable service for low-income consumers by reducing barriers to carriers participating in the Lifeline program”) (“*Forbearance Order*”).

¹⁴ *See Federal-State Joint Board on Universal Service*, Report and Order, 20 FCC Rcd 6371 (2005) (“*2005 ETC Order*”). *See also Connect America Fund*, Report and Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663, ¶¶ 76-80 (2011) (“*USF/ICC Transformation Order*”). *See also Lifeline Reform Order*.

and the same network infrastructure used to serve its existing customers. TWCIS(NY)'s voice telephony services include:

Voice Grade Access. “Voice grade access” permits an end user to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal that there is an incoming call. TWCIS(NY)'s customers will be able to place and receive calls on the public switched telephone network (“PSTN”).

Local Usage. “Local usage” is an amount of exchange service usage provided without an additional charge to end users. The FCC has specified that a local usage plan is acceptable if it is “comparable to the one offered by the incumbent LEC in the service areas for which the applicant seeks designation.”¹⁵ This comparability analysis must proceed on a case-by-case basis and take account of value-added capabilities and services incorporated into a plan.¹⁶ TWCIS(NY)'s service plans for Lifeline-eligible customers, summarized in Exhibit C, offer unlimited local and/or long-distance usage and numerous benefits including caller ID, call waiting, three-way calling, and voicemail. These service plans are comparable to (if not superior to) the Lifeline offerings of Verizon and other incumbent providers in New York.

Access to Emergency Services. “Access to emergency services” includes access to services, such as 911 and enhanced 911 (“E-911”), provided by local governments or other public safety organizations. TWCIS(NY) provides its voice customers with such access, is capable of delivering automatic numbering information (“ANI”) and automatic location information (“ALI”) over its existing network, and otherwise satisfies applicable New York and

¹⁵ 2005 ETC Order at ¶ 32.

¹⁶ *Id.* at ¶¶ 33-34.

federal E-911 requirements—including those applicable to interconnected VoIP providers.¹⁷ Further, TWCIS(NY) pays all applicable E-911 fees in a timely manner. TWCIS(NY) will continue to work with local public safety answering points (“PSAPs”) within its ETC service areas to make 911 and E-911 service available to its customers.

Toll Limitation. “Toll limitation” includes the offering of either “toll control” or “toll blocking” to qualifying low-income customers, as a means of limiting or blocking the completion of outgoing toll calls. TWCIS(NY) will provide toll limitation for any service plans that distinguish between local and toll calls. Some of TWCIS(NY)’s calling plans do not distinguish between local and toll calls at the point of dialing, such that TWCIS(NY) cannot offer toll limitation without blocking all service to a customer. Section 54.401(a)(2) of the FCC’s rules provides that toll limitation service is not necessary for any Lifeline service that does not distinguish between toll and non-toll calls in the pricing of the service.¹⁸

B. TWCIS(NY) Will Advertise the Availability of and Charges for its Universal Service Qualifying Offerings [47 U.S.C. §214(e)(1)(B), 47 C.F.R. § 54.201(d)(2)]

TWCIS(NY) will advertise the availability of the supported services detailed above, and the corresponding rates and charges, throughout its designated service area. The company will advertise using media of general distribution in a manner designed to inform those likely to qualify for Lifeline service and the general public. This advertising will occur through a combination of media channels, such as television and radio, newspaper, magazine and other print advertisements, outdoor advertising, direct marketing, and the Internet. TWCIS(NY) will offer Lifeline service only under its parent company TWC’s brand names, and not through an

¹⁷ See 47 C.F.R. § 9.1 *et seq.*

¹⁸ 47 C.F.R. § 54.401(a)(2). See also *Lifeline Reform Order* at ¶ 49.

unidentified affiliate. To the extent that Lifeline service is provided by any affiliate in the future, TWCIS(NY) will disclose such information pursuant to the reporting requirements set forth in 47 C.F.R. § 54.422.

C. TWCIS(NY) Possesses the Financial and Technical Capability to Provide Lifeline Service [47 C.F.R. § 54.201(h)]

TWCIS(NY) is a wholly owned subsidiary of TWC, a leading voice provider with nearly five million Home Phone customers. TWCIS(NY) has both the financial capabilities and technical expertise to provide Lifeline service. TWCIS(NY) will rely on its innovative and reliable voice service, along with technologically advanced digital cable and broadband offerings, to support and further develop its operations. Pursuant to its CPCNs, TWCIS(NY) (through its predecessors) has operated as a telecommunications carrier in New York for nearly 20 years.

D. TWCIS(NY) Will Satisfy its Additional Obligations as an ETC

In addition to those requirements set forth in Section 54.201 of the FCC's rules, TWCIS(NY) will satisfy other ETC requirements adopted by this Commission and the FCC. In particular:

Commitment to Comply With Applicable Service Requirements
[47 C.F.R. § 54.202(a)(1)(i)]. TWCIS(NY) certifies that it will provide voice telephony service that meets the requirements of Section 54.101 discussed in Section II.A, including voice grade access, local service, toll limitation when necessary, and access to emergency services. Because TWCIS(NY) seeks only low-income support, as opposed to high-cost funding to support the construction of network facilities, it is not submitting a network improvement plan under

47 C.F.R. § 54.202(a)(1)(ii).¹⁹

Ability to Remain Functional in an Emergency [47 C.F.R. § 54.202(a)(2)].

TWCIS(NY) is committed to providing and maintaining essential telecommunications services in times of emergency. In particular, TWCIS(NY) maintains a reasonable amount of back-up power to ensure the functionality of its service without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. In accordance with Commission rules, TWCIS(NY) will shortly be filing an updated Emergency Plan with the Commission detailing its practices in the event of an emergency.

Satisfaction of Applicable Consumer Protection and Service Quality Standards

[47 C.F.R. § 54.202(a)(3)]. TWCIS(NY) will comply with all applicable state and federal consumer protection and service quality standards. In particular, TWCIS(NY) will use its best efforts to resolve complaints received by the Commission, and designates the following contact person to work with Commission staff to resolve any complaints:

Olivia Hill, Senior Paralegal
Time Warner Cable
13820 Sunrise Valley Drive
Herndon, VA 20171
(703) 713-6732
twc.regulatory.complaints@twcable.com

Financial and Technical Capability to Provide Lifeline Service

[47 C.F.R. § 54.202(a)(4)]. TWCIS(NY) possesses the financial and technical capability to provide Lifeline service, as previously discussed in Section II.C.

Service Plan Terms and Conditions [47 C.F.R. §§ 54.202(a)(5), 54.401(d)].

¹⁹ The FCC has made clear that this requirement does not apply to carriers seeking designation as a Lifeline-only ETC. See *Lifeline Reform Order* at ¶ 386.

TWCIS(NY) will offer several service plans to Lifeline subscribers. These will include: (i) separate plans offering local-only, unlimited in-state, and unlimited nationwide calling; and (ii) “double play” and “triple” play bundles, which will facilitate consumer access to voice services, as well as high-speed data and video services.²⁰ Consumers will be able to access plan information via the company’s website at www.timewarnercable.com. Additional information regarding service terms and conditions is provided in Section III and Exhibit C.

Service Initiation Deposits [47 C.F.R. § 54.401(c)]. TWCIS(NY) will not collect a service deposit for Lifeline plans that do not charge additional fees for toll calls, or for which a subscriber has elected toll limitation service.

Number-Portability Charges [47 C.F.R. § 54.401(e)]. TWCIS(NY) will not charge Lifeline account holders a monthly number-portability charge.

Lifeline Certification and Verification [47 C.F.R. §§ 54.410, 54.416]. TWCIS(NY) will certify and verify consumer eligibility to participate in the Lifeline program in accordance with the rules of the FCC. TWCIS(NY) will also comply with any compliance plan to which it is subject.²¹

Regulatory Fees. TWCIS(NY) pays and will continue to pay all applicable federal, state, and local regulatory fees, including, but not limited to, universal service and E-911 fees, in a timely manner.

²⁰ In each case, TWC will apply the Lifeline discount only to the voice component of the bundle.

²¹ In granting forbearance from the Section 214(e)(5) service area and boundary modification requirements, the FCC has required service providers relying on such forbearance to create and follow a compliance plan implementing protections designed to prevent waste, fraud and abuse in the program. Forbearance Order at ¶ 15. TWCIS(NY) accordingly is filing, concurrently with this petition, a proposed compliance plan with the FCC.

III. MODIFYING TWCIS(NY)'S ETC DESIGNATION WILL SERVE THE PUBLIC INTEREST

Modifying TWCIS(NY)'s ETC designation will serve the public interest generally, and the needs of New York's low-income customers in particular, by ensuring that more of the state's residents are connected to the PSTN. With its commitment to innovation and proven track record of high-quality service, TWCIS(NY)'s parent company TWC has built a network that serves 29 states and more than 15 million customers. TWCIS(NY) continues to expand its reach by offering competitive services in many areas that once offered no choice of providers. This competition has created pressure for all voice providers to improve the quality and value proposition of the services they offer, and has benefitted consumers as a result. Modifying TWCIS(NY)'s ETC designation will further benefit consumers by increasing choice among carriers that offer Lifeline service.

TWCIS(NY) looks forward to introducing affordable competitive service to Lifeline-eligible subscribers, and has designed a variety of low-cost service plans to benefit underserved customers. Though TWCIS(NY) already provides voice services in this state, some of New York's low-income individuals currently may be unable to take advantage of TWCIS(NY)'s services. Modifying TWCIS(NY)'s ETC designation will enable it to offer high-quality voice service at price points that meet the needs of New York's Lifeline-eligible consumers, and thus will serve the public interest.

Notably, many of TWCIS(NY)'s bundled service plans include access to broadband Internet access. Lifeline support will make it easier for low-income individuals in New York to access broadband services, and is therefore consistent with the objectives set forth in the FCC's *National Broadband Plan* and *Lifeline Reform Order*. In keeping with the FCC's efforts to reduce waste, fraud, and abuse in the Lifeline program, TWCIS(NY) will offer its

Lifeline services only to customers that pay in advance on a monthly basis, indicating that they actually are using the underlying service.

IV. CONCLUSION

Based on the foregoing, TWCIS(NY) respectfully requests that the Commission grant this Petition for Modification of its existing ETC designation.

Respectfully submitted,

EXHIBIT C

Exhibit [C]: Summary of TWCIS(NY) Lifeline Service Offerings

TWCIS(NY) will offer the Lifeline discount to eligible low-income consumers in connection with a variety of service plans. Notably:

- TWC will offer the Lifeline discount in connection with separate plans offering local-only, unlimited in-state, and unlimited nationwide calling.
- TWC will offer the Lifeline discount in conjunction with “double play” and “triple play” bundles, which will facilitate consumer access to voice services, as well as high-speed data and video services (TWC would apply the Lifeline discount only to the voice component of the bundle).

In this manner, TWC will best meet the particularized needs of any given Lifeline customer.

The following table summarizes the discounted pricing that TWC plans to provide for the *voice* component of these various plans, which reflects anticipated subsidies from the Federal Universal Service Fund and the New York State Targeted Assistance Fund. Where the consumer purchases a “double play” or “triple play” bundle, his or her actual monthly rate will be higher, based on the additional cost of video and/or high-speed data service.

	Single Play (Phone Only)	Double Play		Triple Play
		Phone + Video	Phone + High-Speed Data	
“Local-Only” Calling	\$7.74	\$5.25	\$5.25	\$2.75
Unlimited In-State Calling	\$10.25	\$7.75	\$7.75	\$5.25
Unlimited National Calling	\$12.74	\$10.25	\$10.25	\$7.75
